Published Tuesday, Dec. 30, 2008

El Dorado Hills Community Services District staff will meet with homeowners in the Hills of El Dorado and Woodridge subdivisions to discuss raising fees for street landscaping, lighting, fencing and signs.

The meeting will be held at 6:30 p.m. Jan. 6 at the clubhouse at Oak Knoll Park, 3371 Alyssum Circle in El Dorado Hills.

This is a fourth in a series of neighborhood meetings being held in El Dorado Hills to discuss funding for landscaping and lighting assessment districts. The Hills of El Dorado subdivision is the Bass Lake A assessment district and Woodridge is the Bass Lake B district.

This year, eight of the district's 22 landscape and lighting assessment districts were subsidized a total of \$177,000 from the CSD's general fund. District officials said they hope that residents will agree to higher fees in their districts, so the CSD can stop the subsidies.

District officials expect that special elections to vote on increased fees can be held in May or June.
